

HISTORICAL BUILDINGS AND SITES COMMISSION

MEETING MINUTES

February 18, 2016 – 6:00 P.M.

City Council Chambers

A. ROLL CALL:

The Historical Buildings and Sites Commission met in regular session on the above date with Chair Ward Warren presiding. Vice Chair Dan McBerty and Commissioners Arden McConnell, Virginia Ford, Shirley Holzinger, and Don Hendricks were present. Also present was City Council Liaison Dennis Roler and representing the City staff was Parks & Community Development (hereafter: PCD) Director Lora Glover, PCD Senior Planner Joe Slaughter, and PCD Planner Justin Gindlesperger.

B. APPROVAL OF MINUTES: January 21, 2016 meeting Pg. 1-2

MOTION/VOTE

Commissioner Warren moved and Commissioner Hendricks seconded the motion to delay the discussion and approval of the minutes until the end of the meeting. The vote resulted as follows: “AYES”: Chair Warren, Vice Chair McBerty, and Commissioners McConnell, Holzinger, Ford, and Hendricks. “NAYS”: None. Abstain: None. Absent: None. The motion passed.

C. 15-40200004 – Staff report – Comprehensive, Plan Map and Zone Map Amendment, Historic District Expansion. Pg. 3-10

- Chair Warren stated, at this time I will open the public hearing to consider recommendation from the Historic Building and Sites Commission to the City Council to approve the proposed comprehensive plan and zone map amendment to expand the historic district and the text amendment to identify the historic overlay map in the development code. We will begin the hearing with a staff report followed by a presentation by the applicant, statements by persons in favor of the

application, statements by persons in opposition to the application, and an opportunity for additional comments by the applicant and staff. After that has occurred, the public comment portion will be closed and the matter will be discussed and acted upon by the Commission. Is there anyone present who wishes to challenge the authority of the Commission to consider this matter? Seeing none do any Commissioners wish to abstain from participating in this hearing or declare a potential conflict of interest? Seeing none are there any Commissioners who wish to disclose discussions, contacts, or other ex parte information they have received prior to this meeting regarding this application? Seeing none in this hearing the decision of the Commission will be based on specific criteria which are set forth in the development code. All testimony which apply in this case are noted in the staff report. If you would like a copy of the staff report please let us know and we will try and get you one. It is important to remember if you fail to raise an issue with enough detail to afford the Commission and the parties an opportunity to respond to the issue you'll not be able to appeal to the Land Use Board of Appeals based on that issue. The hearing will now proceed with a report from staff.

- Justin gave the staff report.

I. Items from the Commission

- Commissioner Warren asked for confirmation on two points. It was confirmed that existing buildings in the new proposed guidelines would be grandfathered in and would not need to make changes or improvements to areas that do not currently meet the guidelines put forth by Council and HBSC. It was also confirmed that the new guidelines will streamline the process for citizens within the Historic District by allowing any improvements that fall under the guidelines to be put under administrative review rather than being put forth to the HBSC. The HBSC will review any proposed improvements that fall outside of the guidelines.
- Commissioner McConnell asked if the guidelines would be available to the public. The updated Development Code will be posted online for anyone to view. It was also discussed that a flyer may be put together illustrating the changes to be handed out to potentially interested parties.

II. Items from the Public

- Walter Cauble - owner of the building at 111 SE 6th Street. Mr. Cauble's building houses his law firm as well as spaces that are leased to other companies. He expressed a concern that he doesn't feel that his building fits into a historical setting, as it was a more modern building for the 60's. He is also concerned that if he were to have new tenants they wouldn't be able to use their signs as they wouldn't be grandfathered in, this would be detrimental to bringing new businesses into the City.
- Dennis Dreher – Highland Ranch Rd outside of the City limits. Mr. Dreher is here representing the Committee on Public Art (COPA). He expressed a concern as to whether murals that are currently planned for buildings that are in the proposed guidelines will still be allowed and what the process will be for approvals.
- Ron Martin – 315 SE 7th Street. Mr. Martin made mention that when you go through Grants Pass towards 7th Street from the Redwood Hwy area there are many beautiful buildings and structures that are over the top and fantastic. However they don't match the façade on 6th Street. He expressed that he doesn't believe it is necessary for 7th Street to look like 6th Street and that the City looks alive.
- Debbie Brownell – 6th street between H and I. Ms. Brownell wanted clarification on the issues of signs and paint colors listed within the Historic District Guidelines.
- Rick Chapman – 311 SE 6th street- Mr. Chapman wanted to express his support the plan to expand the Historic District. He did want to know how much control the City/Commission has over signs vs. the building. He believes this might be a selling point for Tourism to use.
- Roy Pondelick – Bluestone Bakery, 412 NW 6th Street. Mr. Pondelick would like to know specifically how he will be affected by the Historic guidelines in increasing his current signage as well as paint colors as he is currently under construction.
- Steve Baksay – Climate City Brewing, 509 G street – Mr. Baksay would like to know how the proposed district was decided on, specifically why it didn't extend to him building on G Street. He would also like to know if there will be infrastructure increases (lighting) to go with the potential expansion.

- Doran O'Donnell – 208 NW 6th Street – Mr. O'Donnell wanted to give his support for the expansion. He believes it will increase tourism.

III. Further Explanation from Staff

- Justin brought up his presentation on the Historic Guidelines. He let it be known that the guidelines say that the predominate wall should be of a neutral tone and that there should be no more than three different color choices per single building. He showed a palate of colors with approximately 150 colors listed. Citizens can propose other colors that are not listed on the pallet but they will need to be reviewed by the HBSC. If the citizen's request is denied they can also appeal the decision to City Council. Current Development Code prohibits pure black, pure white, and unmuted primary colors.
- Any signage, paint colors, lighting that falls within the guidelines can go under administrative review and can be approved in a much shorter timeline. Any exterior changes or improvements that do not fall within the guidelines can be taken to the HBSC for review.
- Anything that has an already existing building permit will be fine to continue with the approved permits. As far as Mr. Pondelick's concerns his building is outside of the proposed guidelines so he will be fine to continue as he has been.
- The guidelines are to protect the City as a whole from having buildings that specifically look out of place among the Historic District.
- To clarify the guidelines apply only to the exterior of the buildings within the Historic District and not the interior.
- To address Mr. Dreher's concerns the murals can be put to the HBSC for review the same as any improvements that fall outside of the guidelines.

IV. Discussion

- Commissioner McConnell wanted to express her gratitude that someone had the forethought to preserve G Street for generations to come. The Historic District encourages people to visit our City and will be good for everyone.
- Commissioner Ford is looking forward to the changes and believes the potential expanded Historic District will be a real asset to the City.

- Commissioner Holzinger brought up the concern sent in by the Daily Courier indicating that they didn't want to be included in the proposed Historic District expansion.
- Commissioner Warren responded to Commissioner Holzinger that he feels it is too bad that the Daily Courier doesn't want to be included because he feels that their building has quite a bit of significance within the City. He also stated that he agrees with some of what Mr. Martin said in regards to 7th Street. The boundary has already been decided on by the Commission, however City Council can choose to amend the boundary. He brought up that per the state a historical building only needs to be 50 years old to fall under consideration. He feels that not all of the buildings within the Historic District need to be historic old buildings. He believes that the Climate City Brewing building is one of the most beautiful and old buildings within the City. He let Mr. Baksay know that the Historic District had a continuous core area and by breaking it up by going down to Climate City that it was not consistent with the shape of the district and making it a walking district. By branching it out to include Climate City it would take people away from the main district area. He suggested that Mr. Baksay look into making the building a Historic Landmark; Justin let them know that the brewery is already on that list.
- City Council will make the final decision on the proposed boundary on March 16th.

MOTION/VOTE

Commissioner Warren moved and Commissioner McConnell seconded the motion to recommend the City Council to approve the proposed comprehensive plan and zone map amendment to expand the historic district and the text amendment to identify the historic overlay map in the development code. The vote resulted as follows: "AYES": Chair Warren, Vice Chair McBerty, and Commissioners McConnell, Holzinger, Ford, and Hendricks. "NAYS": None. Abstain: None. Absent: None. The motion passed.

D. Approve Minutes: January 21,2016

- The Commission expressed dissatisfaction with the minutes being moved from verbatim to summary. Lora explained that the City lost their minute taker and was forced to move to summary minutes for all committees. There was a specific desire to see the questions that were put to Joe at the last meeting. Lora went over the list and gave answers to the commissioners. The questions and answers will be attached as an exhibit to the minutes for this meeting.

MOTION/VOTE

Commissioner Warren moved and Commissioner McConnell seconded the motion to approve the minutes from January 21, 2016 as presented. The vote resulted as follows: “AYES”: Chair Warren, Vice Chair McBerty, and Commissioners McConnell, Holzinger, Ford, and Hendricks. “NAYS”: None. Abstain: None. Absent: None. The motion passed.

E. ADJOURMENT:

Chair Warren adjourned the meeting at 7:10 P.M.

These minutes were prepared by Carlie Paulsen, Administration Department, City of Grants Pass.

HISTORICAL BUILDINGS AND SITES COMMISSION

MEETING MINUTES

March 17, 2016 – 6:00 P.M.

City Council Chambers

A. ROLL CALL:

The Historical Buildings and Sites Commission met in regular session on the above date with Chair Ward Warren presiding. Vice Chair Dan McBerty and Commissioners Arden McConnell, Virginia Ford, Shirley Holzinger, and Don Hendricks were present. Also present was City Council Liaison Dennis Roler and representing the City staff was Parks & Community Development (hereafter: PCD) Director Lora Glover and PCD Planner Justin Gindlesperger.

B. APPROVAL OF MINUTES: February 18, 2016 meeting Pg. 1-6

MOTION/VOTE

Commissioner Warren moved and Commissioner McConnell seconded the motion to approve the minutes from February 18, 2016 with corrections. The vote resulted as follows: “AYES”: Chair Warren, Vice Chair McBerty, and Commissioners McConnell, Holzinger, Ford, and Hendricks. “NAYS”: None. Abstain: None. Absent: None. The motion passed.

C. 15-40200004 – Findings of Fact – Comprehensive Plan Map and Zone Map Amendment, Historic District Expansion. Pg. 7-14

- Chair Warren will sign this as fact.

D. Staff Updates

- There was a discussion on the proposed expansion with the City Council. The original recommendation from HBSC to Council was to adopt the Historic District expansion as proposed. The Council after taking into consideration the comments from the public decided to amend and reduce the size of the proposed district. The Council does not want to reopen this for another public hearing but would like to get direction from the commission and confirm their support on the changes.

E. Proposed Boundary Expansion – Discussion

- Councilor Roler let the commission know that he talked to other councilors and that they tried to keep the integrity of the district and still honor the wishes of as many of the people who wanted to opt out as possible. They didn't sacrifice any of the historic buildings and by reducing the size of the expansion it eliminates five or six of the people who opted out.
- Commissioner Ward said that he doesn't see this revision as being a response to the people who opted out, but rather he sees this as listening to public comments from citizens and property owners at public hearings. The citizens have a point that the Historic District should really be a walking tour and the west side of 7th Street isn't necessarily conducive to a walking area. Another point made was that 7th street doesn't have many historic buildings. Commissioner Ward said that the changes make sense to him when you look at the overall function of the district and the characteristics of the neighborhoods.
- Councilor Roler said that Council really liked the idea of finding a compromise with the business and property owners in the district. The hope was to reach a compromise without having too many opt outs, as planning will need to keep track of each building that needs to be treated differently outside of the Historic District guidelines.
- Justin let it be known that PCD is making an official overlay map, this will make any changes in the future easy to change and explain without development code amendments.
- Commissioner Ward said that the goal was to avoid islands and a patchwork within the district. With this change there will be a connected, continuous core without having islands and a patchwork.
- It was brought up that a lot of traffic goes through 7th street on a daily basis. The Commissioner felt that 7th Street is just as important to have as a part of the Historic District as 6th Street and if possible would really like to keep the original proposed district. Why don't we have RCC and first Christian Church be landmarks instead of going so far down 4th Street?
- Commissioner Ward said that they wanted to be a part of the district as well as the fact that they are the most prominent landmarks on 4th Street and should really be included.

- Commissioner Hendricks said that the main goal was to look at it from the perspective of the property and business owners and try to maintain what we have to preserve what we have and to keep what isn't suitable from coming in. He also viewed it from a Tourism standpoint to have the boundary to work towards a walking map.
- The premise of the expansion and the design guidelines were to preserve the existing district and to give a buffer.
- Commission agreed to recommend the changes to council.

F. Items from Public

- None.

G. Items from Commissioners

- Commissioner Ward said the majority of critics aren't affected by expansion and if this revision happens it gets rid of several more critics. He checked with staff and there are 137 properties in the expanded district. If you went from a majority standpoint, as most other cities do, only about 10% of this district would be opting out. Even the biggest critic was a fan of the changes made in the guidelines.
- Future expansions are a possibility as more styles are recognized.
- Will the opt outs be contacted about the changes to try to sway them to reconsider? - No, a notice was put out with the decision but there wasn't a goal towards trying to get the opt outs back in. The Commission is welcome to.
- Arden will work on a rough draft to send letter out to opt outs.

H. Adjournment

Next meeting: April 21, 2016

These minutes were prepared by Carlie Paulsen, Administration Department, City of Grants Pass.

HISTORICAL BUILDINGS AND SITES COMMISSION

MEETING MINUTES

March 29, 2016 – 4:00 P.M.

City Council Chambers

A. ROLL CALL:

The Historical Buildings and Sites Commission met in regular session on the above date with Chair Ward Warren presiding. Vice Chair Dan McBerty and Commissioners Arden McConnell, Virginia Ford, Shirley Holzinger, and Don Hendricks were present. Also present was City Council Liaison Dennis Roler and representing the City staff was Parks & Community Development (hereafter: PCD) Director Lora Glover.

B. Discussion and drafting of a letter regarding the benefits of being located in the Historic District

- There was a letter needed that was a summary of the new guidelines and the potential benefits of being part of the expansion.
- Commissioner Ward drafted a rough draft of the letter.
- One benefit is significant state financial benefits. These were put in place to encourage people to enhance their historic properties so they give tax breaks. You have to go by their guidelines but the guidelines are realistic and reasonable.
- There could also be possible City grants in the future – funds have been depleted but there will likely going to be more in the future.
- Dennis brought up ideas in the past and Rick had some ideas of having identifying plaques that talk about the origins and history of the building. Need to look into funding and such on how to make that happen
- This should hopefully correct some of the misinformation and possibly bring some people back in and keep others from leaving.
- Can the Commission get help from the City on mailing? – Yes, Lora would prefer double sided with an arrow directing people to flip the page
- Commissioner McConnell said that she is delighted to see this; we've been beaten to death with lies and misinformation. This needs to go out to everyone.

- The other letter went out to about 150 business owners and 150 building owners. This will go out to them.
- Commissioner McConnell would like to see Council get it, would like to see UAPC get it, anyone who has any “fingers in the pie”.
- Commissioner Ford asked if there were any replies to the original letter? Lora said no replies
- Lora said if you send the draft to her she’ll make some formatting revisions. Lora would correct the part that calls the HBSC an advisory board only and would change that to recommending board.
- Lora would like to remove her name and put in the city planning number and name only. Joe, Justin, and Shelley can all answer questions.
- Dennis likes the part about who the Commission is – not bureaucrats but rather citizen volunteers.
- There was a concern that the letter never talks about preservation, restoration, the heart of the city. It feels like we’re fighting back at the critics and not talking about the importance of why we’re doing this.
- Lora suggested that we use some of the background Justin wrote on the Commission and use it in the letter.
- Add to the intro – “By expanding the historic district the city will be able to further preserve and protect the historic features of our downtown.”
- Included the discussion about the reduced map.
- Everyone is good with keeping the last recommended district proposal
- These should go out in the next two days

Next meeting: April 21, 2016

These minutes were prepared by Carlie Paulsen, Administration Department, City of Grants Pass.
