Program: Auxiliary Services – Transient Room Tax Fund

Mission Statement:

This fund is overseen by the Finance Department where our mission is to “*Provide fiscal integrity and efficient service through communication, technology and teamwork.*”

Services Delivered:

This activity accounts for revenues collected from the Transient Room Tax. Of the 7% base tax, sixty percent of the funds support the Economic Development, Tourism, and Downtown activities. The remaining forty percent is used to fund Park Maintenance and Public Safety programs that support tourism.

In December 2000 the Council revised the room tax ordinance, declaring a 1% increase effective January 1, 2001 and 2002 respectively, bringing the total tax to 9%. Revenues generated by the incremental increase are dedicated specifically, with 30% going to the Tourism program and 70% targeted to the development of parks.

FY'14 Anticipated Accomplishments & Corresponding Council Goal - Strategic Plan Item:

Provide Cooperative, Shared Leadership Involving Council, Staff and Community

Objective 4: Ensure efficiency and effectiveness in City Operations

- Conduct annual room tax audit to ensure integrity of program.

Budget Highlights:

With the dramatically fluctuating nationwide economic activity, it is difficult to predict the impact on travel and tourism in our area. The revenue locally appears to have stabilized but, while industry analysts believe there will start to be slow growth, Grants Pass does not have convention centers that are a driving factor of those predictions. Given this, FY' 14 revenues are budgeted at the same rate as FY' 13. The FY' 14 Budget also reflects a contingency to allow flexibility in transferring to programs should the revenues come in higher than anticipated. Actual transfers to programs will be driven by actual receipts.

FY'13 Activity Review:

The FY' 12 audit was completed during FY' 13 with no material discoveries.

Program: Auxiliary Services – Debt Service/Bancroft Fund

Mission Statement:

This fund is overseen by the Finance Department where our mission is to “*Provide fiscal integrity and efficient service through communication, technology and teamwork.*”

Services Delivered:

This activity accounts for funds received from property owners to satisfy assessments against their property for improvement projects such as street construction and water line installation. The activity also accounts for the payment of Assessment Bonds sold to finance those improvements.

The projects are often completed through Local Improvement Districts. These districts are formed, generally, at the request of the property owners who will benefit from the project. The City manages the construction of the improvement, usually funding the costs of construction with internal borrowings.

Once a project is complete, the property owners are assessed for the costs. Property assessments may be paid in full when the improvements are completed and billed; or the property owner may choose to have a lien placed on his/her property and pay the assessment in semi-annual installments. This process is known as Bancrofting.

The user signed Bancroft liens are used as collateral to issue bonds and retire the short term debt. The long-term, bonded debt is paid through the payments made by the property owners in the various local improvement districts.

FY’14 Anticipated Accomplishments & Corresponding Council Goal - Strategic Plan Item:

Provide Cooperative, Shared Leadership Involving Council, Staff and Community

Objective 4: Ensure efficiency and effectiveness in City Operations

- Make timely debt service payments to avoid late fees or penalties and ensuring City’s credit rating and ability to borrow in the future.

Dependent upon LID activity, largely the result of street and water infrastructure improvements, funding through the sale of bonds or a bank loan may be financially sought during FY’14.

Budget Highlights:

Recent LID activities have not been large enough in dollar volume to warrant the issuing of bonded debt. Financing costs coupled with the relatively small size of the potential bond issue has made it more practical to self-finance or potentially seek a bank loan. Since LID projects are consumer initiated and cannot be fully anticipated, an appropriation for bond sales is budgeted so as not to preclude citizen initiated action.

FY’13 Activity Review:

All bond debt was extinguished in FY’03 and the remaining debt has been self-financed via internal borrowings.

Program: Auxiliary Services – Debt Service/General Obligation Bonds

Mission Statement:

This fund is overseen by the Finance Department where our mission is to “*Provide fiscal integrity and efficient service through communication, technology and teamwork.*”

Services Delivered:

This activity accounts for property tax collections levied and used to retire debt for bonds sold to construct two new fire and police facilities. These funds have been used to pay capital construction and improvement costs for a new fire/police station located on land owned by the City on East Park Street, a new fire/police station on land the City acquired on Leonard Road, a replacement for the condemned multi-story tower used for fire/police training at the Hillcrest Fire Station, three fire trucks, road, water, and site improvements for the fire/police stations, and bond issuing costs. The voter approved bond was issued in a principal amount of \$9,875,000 and the annual levy is not expected to exceed .51/\$1000 assessed value.

FY’14 Anticipated Accomplishments & Corresponding Council Goal - Strategic Plan Item:

Provide Cooperative, Shared Leadership Involving Council, Staff and Community

Objective 4: Ensure efficiency and effectiveness in City Operations

- Make timely debt service payments to avoid late fees or penalties and ensuring City’s credit rating and ability to borrow in the future.

The payments are to be made in June and December of each year with the expiration of payments in 2019. The levy rate for **FY’13 was 0.4015/\$1000** assessed value and a similar rate is expected for FY’14.

Budget Highlights:

Debt repayments have been budgeted based upon an estimated debt schedule of twelve years. See the Appendix debt tables for a detailed schedule.

FY’13 Activity Review:

Tax collections and debt service payments followed the long-term schedule during the year.

Program: Auxiliary Services – Industrial and Downtown Loan Fund

Services Delivered:

This activity accounts for the industrial development and downtown building renovation loans made by the City and the repayment of those loans. The City utilizes a three-member loan review committee to provide professional loan review expertise and advisory services. This activity responds to the needs expressed through the application process and utilizes the loan funds to assist small businesses.

Performance Measurements:

A target for loan management is to have 100% loan repayment. Grant and capital expenditure use is measured by the benefit provided by the individual project.

FY'14 Anticipated Accomplishments & Corresponding Council Goal - Strategic Plan Item:

Encourage Economic Prosperity

- The loans assist business with façade improvements and with approved infrastructure. Loan repayments become available for new downtown and/or industrial loans, grants for job creation, or other capital expenditures related to economic development.

Budget Highlights:

The anticipated loan repayments are budgeted to be available for new loans in FY' 14. This year \$50,000 has been budgeted for Facade Loan(s), \$150,000 for Industrial Loan(s) and \$50,000 for Job Creation Grants.

FY'13 Activity Review:

No new loans were processed in FY' 13. Grants were given to design downtown tourism maps and assist with four façade projects.

Program: Auxiliary Services – Community Development Block Grant Fund

Services Delivered:

This activity accounts for the receipt and disbursement of funds received through the Community Development Block Grant Program. Several of the City's prior grants were for the purpose of making low or no interest housing rehabilitation loans. The repayments from these loans are also accounted for in this fund.

FY'14 Anticipated Accomplishments & Corresponding Council Goal - Strategic Plan Item:

Provide Cooperative, Shared Leadership Involving Council, Staff and Community

- Continue work on Community Block Grant project for LB6041 Food Bank Warehouse
- Another potential use of resources being proposed is a contribution to fund water and sewer infrastructure needs in the Spaulding Industrial Park area.

Budget Highlights:

The FY'14 budget reflects the loan activity on the low or no interest housing rehabilitation loans. The City budgets for the maximum potential resources from traditional CDBG resources and the potential to use those resources.

FY'13 Activity Review:

The City issued a façade grant for work in the Downtown core. Additionally, this program provided \$100,000 in funding for small business and non-profit transportation SDC incentives as well as \$50,000 to the Food Bank Warehouse project.

Program: Auxiliary Services – Environmental Waste Fees Fund

Services Delivered:

The Solid Waste Franchise Agreements with Allied Waste and Southern Oregon Sanitation provide for an Environmental Program Fee (EPF) to be charged for each ton of refuse collected by the haulers and at the Transfer Station and paid to the City. This EPF is held in a separate account and must be used for environmental cleanups at solid waste sites and other solid waste program activities. Josephine County has implemented a similar EPF paid by the haulers, to the County.

The City and County formed an intergovernmental Solid Waste Agency in order to coordinate the expenditures of the EPF funds for cleanup sites and other solid waste programs throughout the City and County. The monies recorded by the City are passed through to the Josephine County/City of Grants Pass Solid Waste Agency.

FY'14 Anticipated Accomplishments & Corresponding Council Goal - Strategic Plan Item:

Provide Cooperative, Shared Leadership Involving Council, Staff and Community

Objective 4: Ensure efficiency and effectiveness in City Operations

- Provide timely and accurate disbursement of solid waste fees to the Solid Waste Agency.

Budget Highlights:

Expenditures represent an estimated \$244,000 in EPF fees to be passed through to the Solid Waste Agency.

FY'13 Activity Review:

All EPF fees received due at June 30, 2013 and received by August 31, 2013 were transferred to the Solid Waste Agency.
