

Recreational Fire Guidelines

541-450-6200

Grants Pass Department of Public Safety
Fire Prevention Bureau
101 NW A St.
Grants Pass, Or. 97526

Liability for Fire Response

In addition to all other liabilities which are applicable, a person who open burns, either with or without a permit, shall be personally liable to the City of Grants Pass for all costs incurred by the Fire/Rescue Bureau of the Public Safety Department in suppressing any fire or fires which are associated with open burning by the person. (Ord. 15-5641 2015).

Recreational Fire Guidelines

Recreational Fires

Recreational fires are allowed in the City of Grants Pass. The following regulations must be followed:

1. Recreational fires are limited to burning of dry, seasoned wood or charcoal briquettes, with a total fuel area of three (3) feet or less in diameter and two (2) feet in height, for the purpose of cooking, pleasure or religious ceremonies.
2. No garbage, asphalt, petroleum products, paints, rubber products, tires, plastic, paper products, plywood, finished lumber, or particle board may be burned.
3. Burning of residential yard waste in a recreational pit is prohibited, including grass clippings, leaves, pine needles, and brush.
4. Recreational fires shall be allowed year round EXCEPT when the Fire Marshal or designee determines dangerous conditions exist.

Location:

- Recreational fires must be 25 feet away from any structure.
- Recreational fire pits shall be located not less than ten (10) feet from adjoining property lines, fences, or decks with no overhead branches.

Construction:

- Recreational fire pits shall be constructed of concrete, stone, or approved non-combustible material.
- The bottom of the pit may be of sand, or mineral earth.
- The recreational fire pit shall not exceed three (3) feet in diameter. The depth of the pit shall be a minimum of four (4) inches and capable of containing all burned material. (no limbs or brush should extend over the pit area).

Maintenance:

- Recreational fire pits shall be maintained in good condition at all times.
- Fire extinguishing equipment such as buckets, shovels, or garden hoses shall be readily available for use at recreational fires.

Attendance:

- Recreational fire pits shall be constantly attended by a person knowledgeable in the use of fire extinguishing equipment required by this section. An attendant shall supervise a recreational fire until such fire has been completely extinguished.

Discontinuance:

- The Fire Marshal or designee shall not approve outside burning on any day if he/she determines that low humidity, high winds, drought, or other weather or other unusual conditions exist which make outside burning generally, or at the particular time and place proposed, unreasonably hazardous to the safety of persons or property. The Fire Marshal May disapprove outside burning on a day when one or more of the following conditions exist, or in his/her determination will exist:
 - Temperature above 90 degrees F.
 - Wind above 20 MPH.
 - Humidity below 30 percent .
