

WE ARE SEEKING YOUR INPUT!

What are the most important needs and priorities for Community Development Block Grant (CDBG) funds for 2019-2020?

How did CDBG 2018-2019 activities address the needs of the City's lower-income households?

The City of Grants Pass would like to hear from you. Please join us for the following:

Each year, the City of Grants Pass receives Community Development Block Grant (CDBG) funds to be used for projects which predominantly benefit low- to moderate income persons, prevent/eliminate blight, or meet urgent community needs which pose a serious threat to the health, safety and welfare of citizens.

In 2015, the City adopted a 5-Year "Consolidated Plan" which guides use of CDBG funds over the next five years. Each year, the City prepares a 1-Year Action Plan to allocate annual grant funds for specific activities to address identified needs.

The City will be preparing its 2019-2020 Action Plan. To assist with development of the plan, the City would like your input to help identify critical housing and community development needs and priorities. Help us identify how CDBG or other publicly funded activities will address the needs of the City's predominantly lower-income households.

The City will also be completing an annual evaluation and performance report regarding last year's CDBG program. Let us know how CDBG or other publicly funded activities implemented during 2018-2019 addressed the needs of the City's predominantly lower-income households.

Please plan to participate with your comments and suggestions! Written comments may be submitted at the workshop or public hearing, or any time before the hearing by either:
