About the program

The City of Grants Pass is encouraging local businesses, civic groups, youth organizations, academic institutions, families, and individuals to keep our community walkways clean and beautiful by participating in the Adopt-A-Street Program. The Adopt-A-Street Program is a great way to give back to your community and enjoy the benefits of a cleaner Grants Pass.

This Public Works Program promotes community pride by demonstrating to residents, tourists, and potential businesses that the community is active, energetic, and cares about a clean and safe environment. It helps promote a cleaner, healthier Grants Pass.

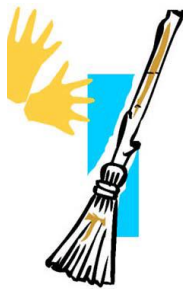

Picking up refuse along our City streets will keep it out of the stormwater system and out of creeks and rivers ensuring our waterways are healthy and attractive.

Adopt-A-Street members participate in cleanup efforts on their adopted street at least quarterly (four times a year).

Cleanups are scheduled by each group or individual participating and are done at your convenience. In exchange for a two-year commitment of litter pickup, a customized sign will be installed at each end of your adopted street to announce the name of your group and to honor your community spirit and service.

The City of Grants Pass will supply trash bags, some safety vests, and safety guidelines for the participants.
